EXPERIENCE

CSIR-CSIO CHANDIGARH

Research Trainee

Chandigarh

Jan 2024 – Jul 2024

- Optimized YOLOv7 by reducing model size and increasing accuracy by 5%, enabling efficient deployment for real-time object detection in space.
- Refined the model by evaluating 10+ advanced modules, replacing bulky components for improved performance.
- Co-authored a research paper (under review with **Springer Nature**), showcasing research outcomes and innovative methodologies

PROJECTS

FLIGHT PRICE PREDICTION

- Engineered an end-to-end ML pipeline to predict flight prices using a Kaggle dataset, implementing feature engineering and training models with Scikit-Learn.
- Automated training/evaluation with **ZenML & MLFlow**, and prepared the model for **deployment**.

URBAN NOISE CLUSTERING

- **Conducted** unsupervised learning on real-world urban noise data to identify and cluster sound patterns.
- Developed a Streamlit dashboard to visualize clusters, improving interpretability for noise pollution monitoring.

RAG CHATBOT

- Developed a Retrieval-Augmented Generation chatbot to provide awareness on common legal queries using LLMs.
- Integrated **LangChain** with **Flask** backend to connect LLMs with legal knowledge bases.

EXTRA-CURRICULAR

EXECUTIVE BODY MEMBER, MUSIC CLUB, PEC

Nov 2022 - Present

- **Spearheaded** the organization of the Solo Singing Competition at **PECFEST 2024**, overseeing event planning and execution, while also performing as a vocalist in the club's junior band.
- Won second prize in Battle Of Bands organized by BITS Pilani.
- Organized and coordinated 40+ music events, earning the **Certificate of Appreciation** in 2022-23 and **Certificate of Excellence** for contributions during the 2023-24 and 2024-25 session.

MARKETING AND CREATIVE TEAM MEMBER, VONG - Voice Of New Generation

Nov 2023 - Feb 2024
